

## STATEMENT OF PURPOSE

### RS23012

This bill appropriates \$13,522,800 to the Office of Species Conservation for fiscal year 2015 and caps the number of authorized full-time equivalent positions at 12. The bill includes funding for the employer's share of increased costs for health insurance, accounts for an increase in statewide cost allocation, and includes an adjustment for network billing costs from the Department of Administration. There are two line items. The first is for \$200,000 one-time for sage grouse management. This funding will support the Governor's Greater Sage Grouse Conservation Alternative also known as Alternative E. Alternative E takes into account land-use activities and offers the best option for conserving sage grouse habitat and avoiding the unnecessary listing of the species. Second, funding in the amount of \$42,000 is included to spend moneys that are expected to be received soon from the Department of Justice. This is due to Idaho's successful challenge against the US Department of Interior for the listing of Slickspot peppergrass. The bill provides funding for a 1% ongoing salary increase and a 1% one-time bonus, both based on performance, and provides guidance for employee compensation.
